CIPM Boot Camp

Infosec's two-day authorized Certified Information Privacy Manager (CIPM) boot camp focuses on the development, implementation and management of privacy policies and frameworks

Course description

Our Certified Information Privacy Manager (CIPM) boot camp provides privacy managers, compliance officers, and other professionals in privacy and data protection roles with comprehensive knowledge and understanding of privacy and data protection practices in the development, measurement and improvement of a privacy program.

The course covers organizational-level privacy program governance, development, implementation and measurement of a privacy program framework as well as application of the privacy operational life cycle.

Who should attend

- » Chief privacy officers (CPOs) and other senior information management professionals
- » Corporate privacy managers, legal compliance officers and risk managers
- » Corporate managers who are responsible for privacy within their teams
- » Non-privacy professionals who serve or support a privacy or compliance team
- » Information security professionals
- » Information auditing and IT governance professionals

Boot camp at a glance

The hands-on cybersecurity training platform that moves as fast as you do

Infosec Skills boot camps are engineered to match the way today's cybersecurity professionals prefer to learn. In addition to days of live training from an experienced pro, you'll get unlimited access to 100s of additional hands-on cybersecurity courses and cyber ranges to help you advance your skills before, during and after your boot camp. Your Infosec Skills access extends 90 days past your boot camp, so you can take additional time to prepare for your exam, or get a head start on your next certification goal.

Start training immediately

Prepare for your boot camp with immediate access to the Infosec Skills on-demand training library.

Learn by doing in the cyber range

Put what you've learned into practice with 100s of browser-based labs and hands-on projects.

Get unlimited custom practice exams

Uncover knowledge gaps with unlimited practice exams attempts and skill assessments.

700+ IT and security courses

Earn CPEs and build new skills with 100s of additional training courses.

What's included

- » Two days of expert, live CIPM training
- » Exam Pass Guarantee
- » Exam voucher
- » Unlimited practice exam attempts
- » 100% Satisfaction Guarantee
- » Free 90-day Infosec Skills subscription (access to 1,400+ additional courses and labs)
- » 90-day extended access to all boot camp video replays and materials
- » One year IAPP membership
- » Knowledge Transfer Guarantee

What you'll learn

Infosec is an International Association of Privacy Professionals (IAPP) Official Training Partner. After attending our CIPM boot camp, you will be able to successfully pass the IAPP CIPM exam and will gain deep knowledge of the following key areas:

- » Creating a company vision
- » Structuring the privacy team
- » Developing and implementing a privacy program framework
- » Communicating with stakeholders
- » Measuring performance
- » The privacy operational life cycle

CIPM certification details

The IAPP CIPM was launched in 2013 as the first and only certification in privacy program management. It was developed in response to overwhelming demand to collect and collate common practices for managing privacy operations. The CIPM body of knowledge is comprised of two domains: privacy program governance and privacy program operational life cycle.

Industry-leading exam pass rates

Infosec's CIPM courseware materials are always up to date and synchronized with the latest IAPP exam objectives. Our industry-leading curriculum and expert instructors have led to the highest pass rates in the industry. More than 93% of Infosec students pass their certification exams on their first attempt.

Learn from experts

We don't just have great instructors, our instructors have years of industry experience and are recognized as experts. We've helped tens of thousands of students like you get certified and advance their careers.

What our students are saying

Incredible! I have attended classes where the instructor just read PowerPoints — our instructor added so much additional information to the class and knows the field of security inside and out! I was very pleased with his knowledge and instructional skills.

Sheree Moore
Mobile County Public Schools

I went to West Point for my bachelor's, Columbia for my master's and had multiple Army-led courses, and this ranks as one of the best, most engaging courses that I have ever had.

William Jack
Deloitte Consulting, LLC

The instructor was able to take material that prior to the class had made no sense and explained it in real-world scenarios that were able to be understood.

Erik Heiss
United States Air Force

Skill up and get certified, guaranteed

Exam Pass Guarantee

If you don't pass your exam on the first attempt, get a second attempt for free. Includes the ability to re-sit the course for free for up to one year.

100% Satisfaction Guarantee

If you're not 100% satisfied with your training at the end of the first day, you may withdraw and enroll in a different online or in-person course.

Knowledge Transfer Guarantee

If an employee leaves within three months of obtaining certification, Infosec will train a different employee for free for up to one year.
