CompTIA Cloud+ Boot Camp

Learn how to select, manage, implement, secure and maintain cloud systems! This boot camp provides the most comprehensive approach to earning CompTIA's Cloud+ certification.

Course description

The mass adoption of cloud technologies and services has revolutionized how we manage our IT and business ecosystems — placing cloud-related skills in high demand.

Adopting a vendor-neutral approach, this course provides you with an understanding of essential cloud concepts needed to start or advance your career working with cloud technologies. You'll leave with the knowledge required to pass your Cloud+ exam, the only cloud-focused certification approved for DoD 8570.01-M.

Who should attend

- » Anyone looking to hone their skills in building, managing and securing cloud systems and environments
- » Cloud architects, network engineers and administrators
